

MAYTAG

HANDY CHILLER

FASTEST WAY TO RAPIDLY CHILL YOUR BEVERAGES
 from room temperature 77°F/25°C to cold drinking
 temperature 43°F/6°C

- **1 minute** for 12-16oz cans
- **3.5 minutes** for 12-16oz glass/plastic bottles
- **6 minutes** for 750mL wine bottles

PATENTED PROCESS IS

- 10 times **FASTER** than a freezer and 20 times faster than a refrigerator for wine
- 40 times **FASTER** than a freezer and 90 times faster than a refrigerator for cans

DOES NOT ALTER ANY BEVERAGE PROPERTIES like taste, composition, or carbonation

- Perfectly safe for carbonated drinks like beer and soda, which will **NOT** fizz over or explode upon opening

EASY TO SETUP, USE, AND QUICK CLEAN UP

- Just add ice, water, and plug in
- Touchpad timer is pre-set with beverage chilling settings

ALSO USE TO WARM RAPIDLY by using hot tap water

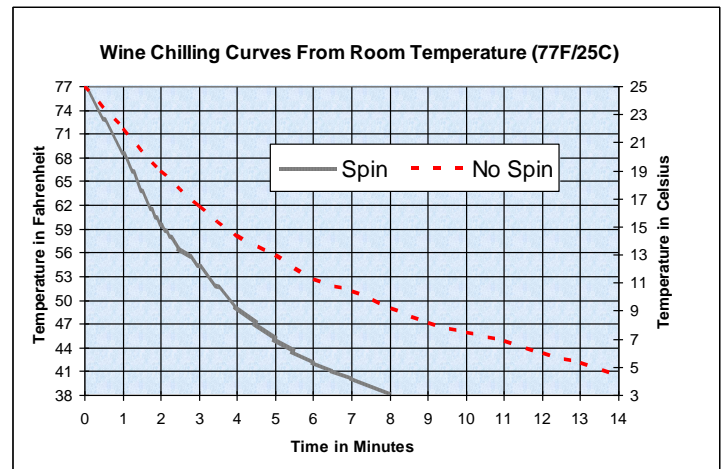

- Warm red wines from cellar temperature to room temperature
- Rapidly warm baby bottles in 1 to 2 minutes

FOR WINE DRINKERS, CHILL-ON-DEMAND™ your warm wine to the perfect temperature at the touch of a button

- high 60's°F/20°C in 1 minute
- low 50's°F/11°C in 3.5 minutes
- low 40's°F/6°C in 6 minutes

NO SPIN function for wine users

- who feel that rotating may agitate delicate wines
- who would like to save their bottle labels since rotating may groove the label

Product Features:

- **AUTOMATIC TOUCHPAD TIMER** with easy to use chill time settings
- **EXTRA** button gives the user the option of chilling their beverage to "ice-cold" 34°F/1°C
- **REMOVABLE LID CAP** allows for the chilling of long necked bottles like wine
- **ADD ICE INDICATOR LIGHT** informs the user when the ice water temperature is not optimal (above 39°F/4°C) for chilling
